<b>Business items</b>	TSN	The first TSN meeting was held prior to this meeting. It went well and we have decided to start the meetings at 10:00/10:15 from here on out to ensure adequate time for the meeting and a small break before IP meeting.	Maggie will send out minutes for those in attendance and will send out an agenda for the next meeting. Angela will continue to create the invites, as she has access to Zoom Pro. Maggie will present about TSN at next CTN meeting as previously discussed in January meeting.	Prior to next meeting	
	Google Docs	Went over the New Injury Prevention google document that Darcie created for new IP Coordinators. This will be placed on the CTN Website when Laurie and Angela have access to edit. Once it is placed, new IP individuals can fill it out and Laurie and Angela will connect them with the nearest IP Coordinator so a 1:1 mentorship can begin for the new coordinator. We will have Kate from the state send out the link once we get it on the webpage	Laurie and Angela will place the link on the webpage when given access	ASAP	
	Injury Prevention Contact List	Discussion on whether to include IP Coordinators outside of the hospital setting on the IP Contact List. We collectively decided on only including Kate from the state to the list and have her send out items as needed to others. We will have Laurie give the committee access to edit the list so we can add IP Coordinators as we find them.	All committee members to fill in as they hear of new IP Professionals. After we have a solid list, Laurie will send out the resource guide to all on the contact list.	Prior to next meeting	
<b>IP activities update</b>	Stop the Bleed Stepping On	There will be a Stepping On Leader training May 12-13, 2020 put on by Centura at Penrose Hospital in Colorado Springs. There is a \$50 fee for the workshop.	Robert, Angela and Mike will be putting this on through Centura. Angela will send out the flyer for the class.	Angela to send out	

	Safe Kids Other?	All outreach activities for most hospitals have been cancelled per hospital guidelines. We will all continue when we are able after COVID-19 passes through.	Continue activities when able	flyer this week
		Angela and Laurie will be making consistent updates on the CTN Webpage. This will allow for a more up-to-date resource for other IP Professionals.		
<b>Open Forum</b>		<p>Jasmine: the Colorado Young Drivers Alliance is putting together a "toolkit" document for cities, schools, parents etc. regarding GDL laws and other motor vehicle safety activities. If anyone would like their MVC-oriented programs or contact information put in that document, they can let Jasmine know. The "soft deadline" to add that info is the end of this week, but things should be able to be added after.</p> <p>SEMTAC will be virtual in April as well as CTN</p> <p>Brandi- had a stop the bleed class scheduled for April but decided to cancel it with the hopes of rescheduling in May at the Aurora Mall. The SLIP program is available through the STN if you are a member (a fall prevention program for older adults). Brandi also had that scheduled to start next month but decided it would be in the best interest of the residents to wait for the Covid19 to slow down. Brandi chose that program because it is less resource and time intensive than Stepping On. It covers the same material minus the exercises which she found most seniors do not continue to do after the class ends. Instead she refers them to Tai Chi classes or something similar.</p>	<p>Contact Jasmine if you want further information or if you want to add anything to the document.</p> <p>Please contact Brandi for more information on SLIP if interested</p>	
<b>Next Meeting</b>	May 14, 2020 11:30am-1:00pm Location: Denver Health 601 Broadway, Denver	We will plan to meet in person, unless restrictions are still in place for COVID-19. If not, this will be a Zoom meeting for everyone.	The meeting will be held on the 4 <sup>th</sup> floor of 601 Broadway, in room 421. Directions will be placed in the meeting invite.
