10 Days of Trauma

The 2020 UCHealth Trauma EMS (virtual) Conference

Dec. 1-10, 2020

This year's UCHealth Trauma EMS Conference will be hosted virtually, December 1-10, and is open to anyone wanting to get the latest updates on evidence-based care in trauma.

Please join us for daily online sessions during the conference, including case presentations, critical care panels, interactive lectures and mini-TED talks.

Some of the subject areas to be covered:

- Burn and frostbite
- Pediatrics
- Senior care
- Obstetrics and gynecology
- A day in the life of a surgeon
- Pathway to becoming a critical care and flight paramedic
- Responder strong
- Special considerations for long and delayed transport times
- Case presentations from Steamboat Fire, Classic Air and many more

The conference is free for all attendees. Register your interest to attend at uchealth.org/events/uchealth-rural-trauma-ems-virtual-conference

Once registered, you will receive further agenda and session information when it's available.

If you would like more information, please contact Kerry Berrego at Kerry.Berrego@uchealth.org.
