Colorado ENA

Eric Christensen RN, BSN, CEN, FAEN

- Colorado ENA is currently in the process of creating a resolution for National ENA. We are hoping to bring the Course in Advanced Trauma Nursing back to the classroom as a 2 day trauma verification. If this is successful, we hope to petition the state to accept this as “Equivalent” to TNCC and to offer our seasoned ED nurses another option at meeting their education requirements.

- We currently have scholarships open for nurses obtaining their Bachelors, Masters or PhD. The application is open and available on our website.

- We are currently looking to build our ED Liaison group. This entails having one nurse from each Emergency Department as a point of contact. We hope to reach our members via this liaison process and keep other up to speed on building our organization within Colorado.

- Our next meeting is on May 21st. We welcome anyone who might like to attend.

- Injury Prevention

- Please thank the group for their time and extend my apologies for not being able to attend myself.

  - Youtube Channel through CTN
  - Newsletters
  - Short Videos
- Decided to target older adults as they are most isolated
- Creating a newsletter that will highlight various topics and have links to short videos
- Created a list of IP personnel throughout the state. Will be sending an email highlighting our committee and the webpage and its resources
- Created a Google form for new IP professionals to link them with a seasoned professional in their area. Form is located on our webpage.
Colorado Trauma Network Legislative Subcommittee
STOP THE BLEED -

• Sent rough draft of bill language after COT edits to HR Mullica and Aide for review beginning of March
• Met with HR Mullica Office this week
• **PUSHED HARD** for STB training at Capitol for MAY STB day and trauma awareness month.
• Potential for STB training at Capitol in May or June (depending on COVID restrictions)
• If unable to complete a training this session, we will move forward at the beginning of next session which will potentially be better as we can reach more people with our message
Updates

Next Steps

• Fact finding surrounding Healthcare Provider Wellness and suicide prevention on both state and National level

• Working with new members to our group

• Researching current peer assistance and legislation to figure out how we can assist and/or bring here moving forward as our next cause to work on.

• Embrace Spring and take care of Yourselves!
