

August 14-15, 2023

Advanced Trauma Care for Nurses (ATCN) is an advanced course designed for the registered nurse interested in increasing knowledge in management of the multiple trauma patient. This course utilizes the same principles taught in the American College of Surgeons' (ACS) Advanced Trauma Life Support® (ATLS) course.

The ATCN program has been operational for more than 25 years and has an excellent record of offering a superb trauma educational program and maintaining a positive collaboration with the ACS Committee on Trauma state chapters.

Below are the links to register. For more information, contact Robyn Wolverton at robyn.wolverton@uchealth.org or Zac Lensgraf at zachary.lensgraf@uchealth.org.

Contact Zac for a UHealth discount code .
