

YOU'RE INVITED TO THE 2023 TRAUMA, CRITICAL CARE AND EMS SYMPOSIUM.

August 23-25, 2023 (Wednesday-Friday)
The Antlers Hotel
Colorado Springs, CO

This year's theme is "Expect the Unexpected," and the symposium will feature sessions on mass casualty incidents (MCI), triage, sudden cardiac arrest, ballistics, lightning/electrocution and much more.

Please join us for three days of leading-edge presentations from regionally and nationally recognized experts in trauma, critical care and emergency medicine:

- Presymposium workshops: Wednesday, August 23, 2023.
- Two-day symposium: Thursday and Friday, August 24-25, 2023.

The symposium will feature:

- Hospital and prehospital track sessions
- Concurrent specialty sessions
- Abstract and poster presentations
- And more...

If you have any questions or need more information,
